

# Thinking of Getting a COVID-19 Vaccine?

*Here's why you should*

## Do you want to:

- **Stop missing out on sports or extracurriculars** because you were a close contact of someone with COVID-19?
- **Stop being on quarantine\*** from being a close contact?
- **Stop missing school** because your sibling has a symptom?

*Talk with your parent or guardian if you are interested in getting the vaccine.*

## When Fully Vaccinated You Can

*(Two weeks after the second dose in your Pfizer series.)*

### \*Stop Being on Quarantine

You do not have to quarantine or test following a known exposure to COVID-19. That means no more missing school or extracurricular activities, as long as you have no symptoms. If symptoms develop, get tested.

### Visit with Unvaccinated People

In a private indoor setting, visit with unvaccinated people from a single household that are at low risk for severe COVID-19 disease without wearing masks or physical distancing.

### Gather with Friends

In a private setting, gather with your friends or family that are fully vaccinated without wearing a mask or physical distancing.

### Other Vaccine Options (Pfizer):

Community vaccination sites (counties): Barron, Douglas, Eau Claire, Marathon, and La Crosse.

To locate and register for these vaccination sites visit: <https://vaccinate.wi.gov>

Sniteman Pharmacy - Neillsville, WI
